the fourteenth amendment.

A decision was rendered by the Court in the important patent suit of Benjamin But-terworth, Commissioner of Patents, plainiff in error, against the United States, ex rel. Richard Hoe and others in error, to the Supreme Court of the District of Columbia. This was a suit brought for the purpose of bitaining a writ of mandances to saloner to issue a natent in actanding the fact that the decision had been verraled and reversed upon application by the Secretary of the Interior. The question presented here is whether any right of appeal exists in patent cases from a decisi of the Commissioner of Patents. T court, in an opinion by Justice Matthews, cases to the Secretary of the Interior; that the Commissioner of Patents has the excluive right to decide for himself whether or not a patent ought to issue, and the Secre tary of the Interior has no authority to review such decision. If the Countrissigner errs he party aggriced has a statuary remedy but that remedy is not an appeal to the sec retary. The infrment of the Supreme Court of the District awarding a writ of

spdamus, is affirmed. A decision was also rendered by the court in the case of Joseph Cooper, plaintill in error, against the city of New Orleans. The question pretented by this case is whether a liceuse tax imposed by the city in accorders plying between New Orleans and the Gulf coast is a "regulation of commerce tetween states," and therefore forbidden by ection 8 of the Federal constitution. The Bosron has been greatly disturbed over the land in front of Trinity Church, called Trinity Triangle. It was read that it was built up, but now the owner offers to sell it to the city for \$18,000.

BURNED AT SEA.

A German Ship Burned at Sea, But all the Passengers Saved.

New York, November 1.-The German

steamer Rhein, which arrived here yesier-

day from Bremen, reports that October 24 at nine o'clock in the evening in latitude 'orty-nine degrees, thirty-eight minutes; ongitude thirty-seven degrees, forty-one minutes, she fell in with the Dutch steamer Massdam, from Rotterdam for New York, which was all ablaze. The Rhein took from her boats passengers and crew, numbering one hundred and eighty-six in all, and brought them to this port. The Massdam carried a miscellaneous cargo consigned to New York. The vessel was valued at \$200,000. It was about nine p. in. when boats of the steamship were picked up one by one as the Rhein approached. W. H. Vandentoon, agent approached. W. H. Vandentoon, agent of the steamship company, says that the line with Captain Vanderzel of the Massdam, and her passengers and crew will arrive at Hobcken at three o'clock in the morning. Captain Vanderzel, of the steamship Massdam, burned at sea, makes the following statement: Left Rotterdam October 1 and St. 174,909 of million coins, and \$1,174,909 of million coins. The colmage of gold was about \$8,000,000 less than during the previous year.

In addition to the colmage executed for the Government, \$1,000,000 less than during the previous year. which petroirum tank commenced leaking.
The next day at two p. m. one of the crew,
on looking for the leak, placed a lighted
lamp near the tank, which exploded with a lead report, the contents taking fire and pitting the ship in a blaze. Every effort to control the are was useless, so at four p. m., I ordered all hands into the boats. We remained then in the vicinity of the burning vessei until 2 p. m., when all hands were rescued by the Rhein. Not one of the passangers or crew was lost or injured is the slightest manner. When picked up we were in latitude forty-like digrees forty-like minutes, longitude twenty-seven degrees forty-like minutes. forty-five minutes, longitude twenty-seven degrees forty-one minutes. Neither passengers not crew saved any of their effects whatever. The steamship Rhein arrived at her dock soon after three o'clock, with all the passengers and crew of the steamer Massdam. Hundreds of relatives and friends of the lost ship's crew and passengers awaited them. Captain H. C. Vanderzee of the lil-fated vessel said to a re-We had eight cabin and one ha dred and thirty-three steerage passengers and a crew of forty-five men. Vor several days prior to October 24, complaints had been made to me that the oil tank, situated under the bridge on the upper deck, was leaking. That day one of my sea-men went with a light to make an examination and a moment ward an explosion was heard and the sailor with burned face and beard rushed back on deck crying "fire." put into use all our appliances for extinishing the finnes, but they gained headway.

first. The masts all fell. The conflagra-tion was a grand sight, but not appre-ciated at the time. I could not save even instruments. There was something crous even in our dilemma. We had a my instruments. pair of lovers in our boat, and the could not be induced, or the girl would not permit him to take his arm from her waist to take his turn at the oar." Heinrich Wolff, a passenger said: "The officers and crew did all they could to save the vessel and us. The steamer pumps could not be gotten at on account of the heat. When the Rhein picked us up, our Peterman, first officer of the Rhein, was the first man to spy what he thought to be a fire away in the distance, and climbed to the top of the masthend to make it out. It second to be a steamship on fire about twelve miles to southward. The Rhein was promptly headed for the light, but it took about an hear to get to it. The flames signal lights in the boats were soon seen, and as the boats got alongside topes were let down and people hauled on soard. The women and children had to be taken up in baskets. "The sea was very rough," said Mr. Peterman, "and a severe storm came up at midnight. Had we been two hours later in getting to the burning ship, not a soul of Mansiam's passengers or
